

# KIT HARVEY CAUBALEJO

Front-End Developer

General Santos City, Philippines

[kitharveycaubalejo@gmail.com](mailto:kitharveycaubalejo@gmail.com) · <https://www.linkedin.com/in/kitharvey/> · <https://kitharvey.vercel.app/>

## EXPERIENCE

(JULY 2020 – OCTOBER 2020)

### FRONT-END DEVELOPER, SPONSORLYTIX

- Developed front-end using React.js and SCSS.
- Create and customize charts using chart libraries (Google Charts, ChartJS, Recharts, Apexcharts).
- Collaborate with UI/UX designer using Figma.  Wrote organized and efficient code.

2016 – 2019

### QUALITY ASSURANCE, SIX ELEVEN GLOBAL SERVICES

- Listening and documenting calls and emails from the representatives to assure quality customer service.
- Providing feedback on where and how to improve the service.
- Attaining daily, weekly and monthly targets specified by the process.

## EDUCATION

(2015-2016)

### BACHELOR OF SCIENCE IN COMPUTER SCIENCE, RAMON MAGSAYSAY MEMORIAL COLLEGE

Dean's Lister (1<sup>st</sup> Semester 2015-2016)

## SKILLS

JavaScript · TypeScript · HTML · CSS · SCSS · TailwindCSS · Node.js · React.js · Next.js · Git · Photoshop · Illustrator

## PROJECTS

React · TypeScript · TailwindCSS · PokéAPI · Framer · react-query

### POKÉDECKS

A pokédex in card style. Swipe through random pokemon cards and view their stats, bio and information.

HTML · JavaScript · Sass

### PATHFINDER

A\* search algorithm in action. A\* search arguably the best pathfinding algorithm; uses heuristics to guarantee the shortest path much faster than Dijkstra.

React · FCSAPI · Sass

### FX DAILY FORECAST

Foreign exchange daily chart, signal and latest price. All data were fetched from <https://fcsapi.com/> and displayed by using react app.
